

## BluEdge® First Year Service

### GET THE SUPPORT YOU NEED FROM DAY ONE

When you purchase certain qualifying equipment, you will benefit from our complimentary BluEdge first year service. BluEdge first year service supports our three tiers of BluEdge contract, aiming to give you peace of mind.

It supports minimum needed visit for legal compliance by certified Carrier technicians. You'll also receive high priority for non-scheduled service events. To achieve the full power of our BluEdge service platform, we can discuss your needs to propose the best solution. Additionally, your equipment will be IoT-enabled and will benefit from our remote monitoring expertise, including an annual report.

### WITH THE FIRST YEAR SERVICE YOU GET:

- ✓ **Minimum one F-Gas checks by a certified technician to comply with legal requirements**
- ✓ **24/7 emergency support when available locally**
- ✓ **Verified proper operation and configuration during initial run-in period**
- ✓ **One annual report through our digital platform**

**Our first year service provides you with added peace of mind — and ensures that your new equipment will work hard for you and your facility for years to come.**
