**Justin Keppy**

President, NA Residential & Light Commercial HVAC

As president of North America Residential & Light Commercial HVAC, Justin Keppy has a proven track record of driving results for customers, shareholders and employees. Most recently he successfully served as Vice President & General Manager, Truck Trailer Americas, Carrier.

Justin has more than 20 years of experience, including over 10 years within United Technologies Corporation (UTC), Carrier's former parent company. While there, Justin served in a variety of capacities within UTC Aerospace Systems, including President, Sensors & Integrated Systems, Vice President, Operations & Supply Chain and Vice President Manufacturing for Hamilton Sundstrand. Prior to joining UTC, Justin held positions at Ford Motor and served in the U.S. Army.

Justin graduated with a Bachelor's degree in Systems Engineering from the United States Military Academy at West Point and received an MBA from Harvard Business School.
