

Steve Ribaudo
Vice President & GM
North America Commercial HVAC

Steve Ribaudo is Vice President and General Manager of North America Commercial HVAC.

In that role, he has responsibility for the North America region's portfolio of Carrier applied equipment, building controls, commercial service and rental solutions.

Steve assumed this position in March 2023.

Steve joined Carrier in March 2022 and previously served as vice president, Global Operations for Fire & Security. He previously worked for nine years at United Technologies Corporation within their Aerospace groups in various leadership positions including General Management, Operations, Aftermarket and Engineering. He began his career in Engineering at Precision Castparts Corporation.

Steve earned a Bachelor's in Applied Science from Keene State College and a Master's in Finance and Business Administration from Norwich University.
